

Gelukkige Groentes Farm

Jorian is a no-dig vegetable farmer in Nijmegen. He buys input for now, but he is working on reducing inputs. He uses gardening equipment that are harmless to topsoil for transplanting, and he deals with weed manually while also using nets against frost and insect Pests.

Welcome to Gelukkige Groentes

A Wooden bed on cardboard paper awaiting compost

Newly created beds without woodchips

New beds with woodchips

Existing beds with vegetables planted in
